

## Rich Loot Taken In Pre-Election Orgy of Theft

to Keep From the Public

Hold-Ups Last Two Days

One woman thief changed her clothing in an uptown apartment recently, leaving worn garments and departing garbed in all the expensive fall finery of the woman of the house. Thieves who did not find enough loot in another apartment to suit their cupidity, proceeded to wreck several thousand dollars' worth of antique furniture, it was learned yesterday.

Burglars, robbers and footpads held pre-election revel during all of the last week, while Police Commissioner Richard E. Enright's detectives told all victims not to tell newspaper reporters anything about their losses. Despite police efforts to suppress news of all such cases, nine robberies came to light, which, added to seven suppressed cases reported in yesterday morning's Tribune, make a total of sixteen different crime cases with a loss of \$30,000. Losses range from \$500 to \$30,000.

Woman Gets \$5,000 Loot  
Mrs. E. Garson, of 411 West End

Avenue, admitted yesterday that the Garson home had been robbed by a woman thief, who stole \$5,000 worth of jewelry and wearing apparel.

"She left all of her own old clothes," said Mrs. Garson, "and wore my clothes away on her back. What she couldn't put on she carried, and, with the jewelry she stole, our loss is about \$5,000."

The home of George W. Martin, at 179 East Sixty-fourth Street, was entered while the family was away. The thieves ransacked the place and found only about \$200 worth of jewelry. Evidently incensed at the small amount, they used a "jimmy" on the antique furniture, smashing it to bits and ruining thousands of dollars' worth of pieces which cannot be repaired or replaced. Mr. Martin is of the law firm of Emmett, Martin & Roosevelt, 52 Wall Street.

George Duval, the financier, who recently moved from 44 West Forty-fourth Street to 300 Park Avenue, is reported to have been the victim of burglars while he lived at the first address. Details of the robbery could not be learned yesterday further than that \$6,000 in jewelry had been stolen from Mr. Duval.

Bandits Rob Paymaster  
Two bandits, using a stocking-wrapped section of lead pipe as a weapon, late Friday beat into unconsciousness and robbed William Head, paymaster of the Butterick Publishing Company, 223 Spring Street. Head was robbed of \$1,300, the weekly pay roll of the subscription department. He was on his way to 326 Hudson Street, where the subscription offices are located.

Just twenty-four hours after the Butterick robbery three armed bandits trapped Julian Cohen, twenty-one years old, a messenger employed by the Alexander & Stein Company, in the single elevator of the building at 314 Broadway, and robbed him of \$3,100 payroll funds which he was carrying from a near-by bank. Belleville Ristbrook, elevator boy, was about to carry Cohen to an upper floor when the three armed men rushed in and covered Ristbrook and Cohen with revolvers and demanded Cohen hand over the money.

## Clark Asks Banton 15 More Questions Bearing on Record

Did Not Tammany Depose  
Swann in His Favor Be-  
cause Whitman Prosecut-  
ed Police? He Inquires

John Kirkland Clark, coalition candidate for District Attorney, yesterday declared that he had despaired of obtaining answers to the fifty-one questions he put last Sunday to his Tammany opponent, Jacob H. Banton.

"It is shocking," said Mr. Clark, "that the Acting District Attorney should permit a private citizen to question the conduct of his office without offering any reply. None of my questions was an attack on the personal character of Mr. Banton. They were confined altogether to the administration of the District Attorney's office by Mr. Swann and by himself for the last ten months. The questions could be answered, as they deal with facts and statistics of the District Attorney's office, and I feel confident that Mr. Banton fears to reply because of the self-indictment to which true answers would commit him."

Mr. Clark propounded fifteen new questions to Mr. Banton last night, asking him, among other things, if it were not a fact that Tammany deposed Mr. Swann and placed Mr. Banton in charge because Mr. Swann violated Tammany's orders in appointing former Governor Whitman as a special assistant to prosecute the Police Department.

Another question he asked was: "Is it not a fact that you or your faction circulated false statements to the effect that I was a member of the

Ku-Klux Klan and was an opponent of the Jewish race?" Coupled with this question was the following:

"Is it not a fact that for some reason you know best you concealed from the voters the fact that you were born, bred and first practiced law in Texas?"

Mr. Clark also accused Mr. Banton of giving "false and misleading information to the public" regarding Mr. Clark's record as an Assistant District Attorney.

Convicted as Dry Violator,  
Prisoner Hange Self in Cell

Raymond Reiber, of 208 West Eighty-eighth Street, sent to Harlem prison by Magistrate Rittenberg for a drug law violation hanged himself in his cell yesterday afternoon. He was found suspended from the top bar of the cell door by Keeper Hayes.

A blanket had been noosed around his neck. After efforts had been made to revive him, Harlem Hospital was called and an ambulance surgeon pronounced Reiber dead.

## Opening This Week at Gimbels

A NEW BRANCH OF THE

## Nemo Hygienic Fashion Institute

### DEMONSTRATION AND LECTURE With Living Models

Fashion—and health. These will be the keynotes of the lectures that start tomorrow. Not a technical talk, but just plain simple facts that every woman ought to know—but most do not. Plain simple facts that make the world of difference in smartness—in comfort—in physical well being. Most women do not half suspect what right corseting will do for them.

Miss McNulty, well known corset expert, will lecture at Gimbels daily, from 2 to 4 P. M., with the assistance of living models.

### What the New Branch Means to You in Service

The new branch of the famous Nemo Hygienic Fashion Institute to be opened at Gimbels this week is only the second of its kind in America. This makes Gimbels one of the most authoritative sources of corset knowledge and corset service. It means an adequate corps of Nemo Institute graduates to give individual fitting service of unusual expertness. It means a complete line of Nemo corsets always on hand.

### SELF-REDUCING CORSET

\$5.00

This model is for medium and stout figures—for abdominal support—for firm, straight lines. Note the famous self-reducing straps—the long flexible skirt.

### Not Just "Stout Corsets" But Correct Corsets

FOR EVERY FIGURE

The years of scientific research and practical experience behind Nemo corsets have produced a Nemo model for every corset need. For fashion needs. For health needs. Corrective corsets—actually altering the form—slenderizing—supporting. Those sketched give but a hint of the range of effectiveness of Nemo corsets. And remember that in the Gimbel branch of the Nemo Hygienic Fashion Institute graduate fitters determine your exact needs and fit you expertly, both as to size and type of corset.
